Introduction

GoGetter Tests

This booklet contains a complete tests package for GoGetter 2. All of the tests are in photocopiable format. Audio for the listening tasks is available for downloading from MyEnglishLab.

Assessment of learning or Assessment for learning?

GoGetter offers a variety of tests which enable the teacher to monitor students' progress both at acquiring the new language and developing language skills. Any test can be used either as an assessment of learning or an assessment for learning. Assessment of learning usually takes place after the learning has happened and provides information about what students have achieved by giving a mark or a grade. You can also use a test as an assessment for learning by providing specific feedback on students' strengths and weaknesses, and suggestions for improvement as part of the on-going learning process. A combination of both types of assessment can be a powerful tool for helping your students to learn.

It is very important to make sure students understand the tasks in every test and explain them if necessary. Also, it is very useful for students to receive constructive feedback and be advised how they can improve.

Versions of tests

Most tests have two versions: A and B. Versions A and B feature the same task types and are designed to have the same level of difficulty. However, the test items in each version are usually different or the sequence in which they occur differs. In the listening tasks, the test items are different but the audio is the same for both A and B versions, which makes it easy to administer a test.

You can use the tests that have two versions in two ways:

- give half the students in the class the A version and the other half the B version – this will help to deter students from cheating.
- give all students in the class the A version. You can then use the B version for students who missed the test or would like to retake it. Students who need a little more work on the unit objectives can use version B as remedial material.

Types of tests

Placement Test

The GoGetter 2 Placement Test has been designed to help you decide which level of the GoGetter series, level 1, level 2 or level 3, is best suited to your students. If students score:

- 0–10 points (0–20%), we suggest they start at level 1.
- 11–20 points (21–39%), we suggest they start at level 2.
- 21–37 points (40–74%), you might consider an additional oral interview to decide whether level 2 or level 3 (the latter with some remedial work) would be more appropriate.
- 38–50 points (75+%), we suggest they start at level 3.

Vocabulary Checks

There are eight Vocabulary Checks. They test the key vocabulary sets taught in units 1–8 of the Students' Book. Each Vocabulary Check comprises three exercises. A Vocabulary Check can be administered upon completing all lessons with vocabulary input in a unit. Alternatively, it can be cut up into three mini-tests and administered after completing work on the relevant vocabulary set.

Grammar Checks

There are eight Grammar Checks. They test the grammar taught in lessons 2 and 3 of units 1–8 of the Students' Book. Each Grammar Check comprises three exercises. A Grammar Check can be administered upon completing lesson 3 of a unit. Alternatively, it can be cut up into two mini-tests and administered after completing work on the relevant grammar point.

Language Tests

There are nine Language Tests. They test the vocabulary, grammar and language for communication taught in the *Get started!* unit and units 1–8 of the Students' Book. The tests can be administered upon completing each unit.

Skills Tests

There are four Skills Tests. Each exploits the language taught in two successive units of the Students' Book. The Skills Tests check students' progress using the following skills-based tasks: Listening, Communication, Reading and Writing. In each test one of the listening tasks and the communication task mirror the exam-style tasks used in the relevant Skills Revision section in the Students' Book. The tests can be administered upon completing units 2, 4, 6 and 8.

Mid-Year Test and End-of-Year Test

The Mid-Year Test and the End-of-Year Test have the same structure and consist of two parts. The first part, Exercises 1–6, tests the vocabulary and grammar taught in the relevant units of the Students' Book. The second part, Exercises 7–9, is skills-based and comprises Listening, Communication and Reading. The Mid-Year Test should be administered after completing the first four units of the Students' Book, and the End-of-Year Test – after all units have been completed.

Exam Tests

There are two Exam Tests. Exam Test 1–4 should be used after completing the first four units of the Students' Book including *Skills Revision*. Exam Test 5–8 should be administered after units 5–8 have been completed. The two tests mirror the Exam Practice section of the *GoGetter 2 Workbook* and comprise two sections: Reading & Writing and Listening & Communication. These tests provide the opportunity to check students' progress and proficiency through typical exam tasks similar to those in *Pearson Test of English for Young Learners* and *Cambridge English: Young Learners of English Tests* (adapted to suit this level and age group).

Speaking Tasks

There are four sets of Speaking Tasks, each enabling you to test the material from two successive units. Each set has visual material for the student and notes for the teacher at the bottom of the page, which should be cut off along the dotted line. There are two tasks in the notes for the teacher:

- Task 1: elicitation of the vocabulary illustrated,
- Task 2: asking and answering personalised questions related to both the picture and the student's experience.

The student should respond using structures and vocabulary from the relevant units.

The Speaking Tasks can complement the respective Skills Tests, Mid-Year Test and End-of-Year Test or be administered separately. The following marking criteria and evaluation scales will help you mark consistently and give students meaningful feedback.

Marking criteria

- 0–5 points for the range of language used (structures and vocabulary). See the list of target structures and vocabulary for each Speaking Task in the notes for the teacher.

- 0–5 points for accuracy of expression
- 0–5 points for fluency
- 0–5 points for pronunciation

Evaluation scales	Language range	Accuracy	Fluency	Pronunciation
Excellent 18–20 points	The student commands a full range of the vocabulary and grammar taught and uses it appropriately.	The student makes no or very few mistakes.	The student speaks fluently, with no hesitation. He/She can use full sentences. Students should not be penalised for using single words or phrases where appropriate.	The student's pronunciation is clear and accurate.
Good 15–17 points	The student commands a good range of the vocabulary and grammar taught.	The student makes mistakes occasionally.	The student speaks fluently, with little hesitation. He/She can use full sentences. Students should not be penalised for using single words or phrases where appropriate.	The student's pronunciation is clear and accurate most of the time.
Satisfactory 10–14 points	The student can use some of the basic vocabulary and grammar taught.	The student makes mistakes but these do not prevent communication.	The student speaks with some hesitation because he/she is trying to think of the right words. He/She answers using full sentences some of the time but clearly prefers using phrases.	The student's pronunciation is clear on the whole; occasional poor pronunciation does not prevent communication.
Unsatisfactory 6–9 points	The student can use very little vocabulary and grammar.	The student makes a lot of mistakes which hinder good communication. He/She is able to communicate successfully at least once.	The student hesitates frequently because he/she cannot think of the right words. He/She answers using mainly phrases or single words.	The student's pronunciation is poor and makes communication difficult.
Very poor 0–5 points	The student gives no answer or knows only a few basic words.	The student is unable to communicate or gives inaccurate answers that prevent communication.	The student cannot think of the right words and says very little.	The student gives no answer or can pronounce fairly correctly only a few words.

Writing Tasks

There are eight Writing Tasks corresponding to Units 1–8 in the Students' Book. You can use the tasks as in-class writing tests or assign them as homework.

Each writing task contains a topic, several questions that students are asked to refer to in their works and a word limit. The tasks for all units have a 60–70-word limit.

The following marking criteria and evaluation scales are provided to help you mark consistently and to give students meaningful feedback.

Marking criteria

- 0–5 points for content. Award 5 marks if the student refers to at least 5 questions / gives 5 different pieces of information connected with the topic.
- 1 point for not going under or over the word limit
- 2 points for accuracy of expression
- 2 points for the range of language used. See the Marking check lists and model texts for each writing task on page 95 of this booklet.

Evaluation scales

- Excellent:** 9–10 points
Good: 7–8 points
Satisfactory: 5–6 points
Unsatisfactory: 3–4 points
Very poor: 0–2 points

My town: past and present

by Dawn Cowper

In 1900 my town was very different. It was smaller and safer but it was also dirtier and more boring! In the centre of town, there were some shops, a bank and a library, but there weren't any hotels, museums or supermarkets. The nearest theatre was 56 kilometres away, and children played football in the street, not in a stadium. There were 13,000 people in the town and they lived in houses with small gardens.

Today the town is bigger. There are a lot of modern houses but you can see some older houses near the centre of town. There are also cafés, restaurants and an animal hospital. The town hasn't got a stadium but there's a sports centre.

My big sister doesn't live here now. She's a doctor and she works in a big city. I want to be a doctor too, but I want to be an animal doctor – a vet. I hope I can find a job at the animal hospital in my town when I finish school.

- 0 The town is bigger and more boring today. F
- 1 The town had a library in 1900.
- 2 There are 56 theatres in the town.
- 3 The houses in the past were small.
- 4 There aren't any modern houses in the centre of town.
- 5 Dawn's sister doesn't work in the town.

The van Buren family

Mr and Mrs van Buren travel a lot for their work and their children, Jackie and Miles, travel with them. The children have lessons every day, but not in a classroom. They learn at home, and 'home' is a different country every month.

This month the van Buren family are in Austria. Today, Jackie and Miles are visiting the Kunzhistorisches Museum in Vienna. Jackie is interested in history, so she is looking at some old things and writing an essay about Egyptian history. Miles is interested in art and he is studying some famous paintings.

The easiest subject for the children is Geography. They learn about it from real life: they visit a lot of countries and they see real rivers, lakes, islands, mountains and other geographical features. Mrs van Buren teaches them Maths and her husband teaches them Science. The children also use the Internet a lot. They send their homework to their parents' laptops and their parents talk about it with them.

They also chat with their friends in the UK.

The van Buren family

Mr and Mrs van Buren travel a lot for their work and their children, Jackie and Miles, travel with them. The children have lessons every day, but not in a classroom. They learn at home, and 'home' is a different country every month.

This month the van Buren family are in Austria. Today, Jackie and Miles are visiting the Kunzhistorisches Museum in Vienna. Jackie is interested in history, so she is looking at some old things and writing an essay about Egyptian history. Miles is interested in art and he is studying some famous paintings.

The easiest subject for the children is Geography. They learn about it from real life: they visit a lot of countries and they see real rivers, lakes, islands, mountains and other geographical features. Mrs van Buren teaches them Maths and her husband teaches them Science. The children also use the Internet a lot. They send their homework to their parents' laptops and their parents talk about it with them.

They also chat with their friends in the UK.

My Family

by Lucilla Nucci

New York is an exciting city and people come here from all over the world. This is nothing new. In the past people came from Ireland, Germany, Sweden, Ukraine, Russia, Poland and a lot of other countries.

My grandfather's parents came to New York from Italy in 1923. Grandad's father, Giuseppe, didn't have any money and he didn't know any people in the USA. He was a builder and he worked very hard. At the weekend he painted people's houses. Grandad's mother, Francesca, didn't work but she looked after their children.

Roberto became a doctor. Cecilia was a fantastic singer and she also played the piano. Daniella had a restaurant and it was famous in New York. People loved her food. Antonio didn't like working indoors. He wanted to be a farmer so he left the city and went to California. He bought a farm there with fruit trees.

My mother and father work on the farm today. My sister and I love this place. But next month we are going to fly to New York. We still have family there and we are going to spend the summer with them.

5 Skills Test 3&4 Exercise 2

N: narrator G1: girl 1 B1: boy 1 G2: girl 2

B2: boy 2 G3: girl 3 B3: boy 3

N: Example

G1: It's the best place to be. You can go swimming in the summer when it's hot. And in the winter, when it's cold, you can sit on a rock and watch the sea.

N: One

B1: I just *hate* walking around museums and things like that. *This* is the best place for a holiday. In the winter you can go skiing and in the summer you can go climbing.

N: Two

G2: It's hot in the day – too hot – but it's cold at night. There aren't any rivers or trees so living here is difficult. And it's often boring.

N: Three

B2: It's *beautiful* ... There are lots of trees so I like this place very much. Birds and butterflies live here but there are snakes and other dangerous animals too.

N: Four

G3: I think it's an exciting place. There are a lot of people, fantastic museums, expensive shops ... And I like going to different places every day so I don't like *small towns*.

N: Five

B3: Twenty-five thousand people live here. There aren't many shops but there are some good schools, two nice parks and an interesting museum. It's *better* than a big city.

6 Skills Test 5&6 Exercise 1

C: Charles E: Emma

N: Example. Where was Charles yesterday afternoon?

E: Hi Charles, I phoned your house yesterday but you weren't at home. Where were you?

C: I usually play football at the stadium on Friday but I went to the library. I wanted to study for the test on Monday.

N: One. What was the weather like in the morning?

E: I wanted to play football in the afternoon, but it was rainy and windy.

C: It was windy and rainy here too, but it was nice in the morning. Warm and sunny. And today it's cloudy and grey.

E: English weather!

N: Two. What time was the film?

E: What about yesterday evening?

C: I finished studying at half past five. Then I met Harry at quarter to six and we had something to eat at a café. Harry wanted to see a film in the evening but it started at half past eight. That's too late for me.

N: Three. Where is the café?

E: Was the café nice?

C: Yes, it was.

E: Were you at the new café opposite the cinema? Or the café between the bank and the museum?

C: No, we were at the café next to the library.

N: Four. What is Charles doing today?

E: What are you doing today?

C: Well, Mum's playing tennis with her friend, my sister's washing the car and I'm helping Dad. He's working in the garden. What about you?

N: Five. What is Emma doing today?

E: My mum's working at the shop today and Dad's making lunch. I want to paint. It's my hobby, you know, but I can't. I'm looking after my baby brother.

C: What about the test on Monday?

E: I studied last week but I can help you later if you want.

C: Thanks, Emma! You're a good friend.

7 Skills Test 5&6 Exercise 2

W: woman

W: In the past, children went to work when they were fifteen or sixteen years old. And younger children helped their parents at work or in the house.

Girls did a lot of jobs in the house. They made the beds and tidied the rooms.

They washed the floors and helped their mother with the cooking. After meals, they washed the dishes. And who looked after the younger children? Not the boys! That was the girls' job.

But boys did jobs in the house too. They often worked in the vegetable garden with their father and helped him fix things. Farmers' sons also helped their fathers look after the animals.

Today, young people stay at school until they are sixteen, seventeen or eighteen. Do you think young people have an easier life now than in the past? Call us and tell us your opinion ...
